

# JHANJI HEMNATH SARMA COLLEGE JAMUGURI, SIVASAGAR – 785683

Session 2020-21

---

## Best Practice: 1

### Title of the Practice: Lesson Plan

**Goal:** To motivate students for their study the teachers prepared lesson plans of their respective subjects. A lesson plan is a teacher's guide for facilitating a lesson. Lesson plans enable teachers to function more effectively in the classroom by giving a detailed outline that they adhere to during each class.

**Context:** A successful teaching mainly depends on the teacher. But a teacher cannot teach effectively unless he knows the aims and objectives of a particular lesson. A lesson plan helps him to ensure about the goals of a lesson that he is going to teach. It serves as a guide that a teacher uses every day to determine what the students will learn.

**The Practice:** The Institutional Values and Best Practices cells of the college organized workshops on lesson plans time to time. Prominent resource persons were invited to give talk on preparation of lesson plans so that all the teachers are able to prepare their plans for smooth conducting of their classes.

**Evidence:** Preparation of lesson plans help the teacher to be well prepared and conducting the class in a right track. It helps the students to achieve the aim and objective of the lesson. It creates a consistency of learning for students as their progress is not interrupted.

**Problems encountered:** Sometimes the gap between the national curriculum and the classroom needs create difficulties in preparing and using lesson plans properly. Shortage of time and resources are also creating problems for smooth conducting of a class by using lesson plans.

**Best Practice: 2**

**Title of the Practice: Online Awareness Programme**

**Goal:** To make students aware regarding the protection of environment degradation and to introduce with social system of western countries, the online programmes were conducted during covid period.

**Context:** Students during covid period could not take their classes physically. In addition to the online classes, students are also made busy to aware the environmental protection and the westerns social system thought the online awareness programmes.

**The Practice:** The online awareness programmes are organized in the college time to time. Prominent resource persons from universities and college are invited to speak about environmental protection and social system especially for the students.

**Evidence:** The Programmes organized through online mode help the students to make aware about environmental protection and social change; such programmes help the students to change their mindset and to form a good relationship and peace of mind.

**Problems encountered:** The online programmes create some problems during the technical sessions. The resource persons could not explain their topic with proper examples. The network issue is another problem for the students during the session.
